

PORTAPATH™

TEMPORARY FLOORING

For Outdoor Leisure Events

Portapath, a simple, safe and low cost turf protection system for all outdoor leisure events. From covering an entire stadium to flooring for a concert or marquee, Portapath provides simple and safe pedestrian access and walkways. The unique design protects turf and prevents soil compaction.

An excellent, all-weather, all year round surface providing an innovative and reliable alternative to traditional event flooring.

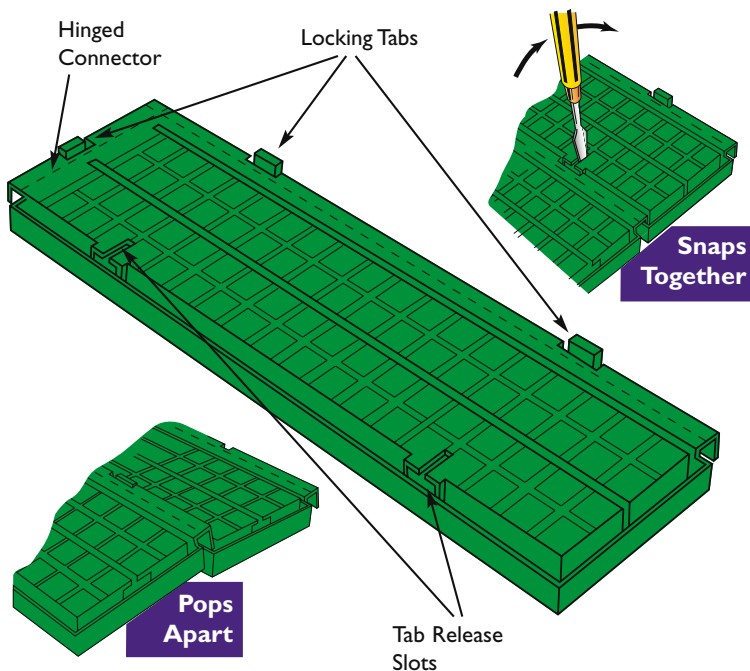

• DURABLE • LIGHTWEIGHT • ATTRACTIVE • SAFE •

IDEAL FOR
Stadiums Marquees
Car display areas
Concerts Walkways
Catering areas
Corporate events Shows

EASY TO HANDLE...

Portapath has been designed as a truly 'custom' system. The unique design allows the contractor or user to 'customise' for each occasion, reducing time spent on site. And Portapath is simple to install; an entire stadium floor of around 8000m² can be laid in a matter of hours.

- ▶ Moulded in high impact UV protected polypropylene
- ▶ Safe anti-slip surface
- ▶ Allows wheelchair access
- ▶ Wide range of colours available
- ▶ Simple to change – just unclip and reconnect in minutes!
- ▶ Unique drainage and ventilation slots prevent damage to grass
- ▶ Unique design avoids soil compaction
- ▶ Patented design of interlocking hinges forms a safe and seamless mat

TECHNICAL SPECIFICATIONS

The integral 'living hinge' unique to Portapath, gives the system strength when locked together, but the innovative design also allows for quick disconnection. A simple separation unit is supplied for dismantling large areas.

Designed as a 'custom' system, rolls or panels are available to suit any application.

Material
